This publication has been developed with the cooperation of

**University of California**

**California Crop Improvement Association**

and

**California Wheat Commission**

Research and testing of wheat varieties herein listed have been performed by the University of California's Statewide Small Grains Program, with supporting information from private seed companies. Data comparisons in this publication are for guidelines only. Most of the agronomic characteristics, disease reactions, grain yield, and test weight data presented herein are taken from the University of California's Regional Wheat and Durum Performance Tests conducted annually in California.

**California Wheat Commission:** [www.californiawheat.org](http://www.californiawheat.org), **California Crop Improvement Association:** <http://ccia.ucdavis.edu>, **University of California, Davis:** [lfjackso@plantsciences.ucdavis.edu](mailto:lfjackso@plantsciences.ucdavis.edu)

**Please note:** The California Wheat Commission has tried to include all dealers that have certified wheat seed available to California growers. If there is a seed handler's name that is not included, please contact the Commission office at 530-661-1292 or [info@californiawheat.org](mailto:info@californiawheat.org) and every effort will be made to post changes and additions to the website and future printings.
